Dean's List 2023

SKILLS

- Python, C,
- HTML, CSS, JS
- DATA ANALYSIS IN EXCEL
- SQL, DATABASE DESIGN
- Fluent in Chinese
- R STUDIO

ACTIVITIES

Although I do not have much job experience in technology related fields, during my years as a student in UALR I developed a strong passion for coding, networking and database related operations. Years of experiences in restaurant , helped me becoming a very hard working person, and most importantly a person with strong responsibility.
